1. PRODUCT AND COMPANY IDENTIFICATION

Product Identifier: Maxxon® Fibers
Recommended uses: In conjunction with Maxxon Underlayments, used for crack reduction
Restrictions on uses: None identified
Supplier: Maxxon Corporation
920 Hamel Road │ PO Box 253
Hamel, MN 55340
Company Telephone/Fax: (763) 478-9600 / (763) 478-2431
Emergency Telephone Number: (800) 424-9300 (CHEMTREC)

2. HAZARDS IDENTIFICATION

Nylon Polyamide – 92.99%
Absorbed water – 0-4%
Finishes (Oils, Wax, Surfactant) – 0-2%
Titanium Dioxide – 0-2%
Color – 0-2%
Silica – 0-2%
Polycaprolactum – 0-10%
Polyethylene Terephthalate – 0-6%
n-Butylbenzenesulfonamide – 0-2%

3. COMPOSITION/INFORMATION ON INGREDIENTS

N/A

4. FIRST AID MEASURES

Inhalation: Remove victim to fresh air. If irritation develops, obtain medical attention.
Skin Contact: If irritation develops, flush with running water. Wash affected area with soap and water. If irritation continues, obtain medical attention.
Eye Contact: If irritation develops do not scratch or rub; flush with running water for 10-15 minutes. If irritation continues, obtain medical attention.
Ingestion: Ingestion is not a likely route of exposure. If ingested, seek medical attention.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Use any standard agent (water, carbon dioxide, dry or foam)
Unsuitable extinguishing media: None known
Special Fire Fighting Procedures: As a minimum, wear self-contained breathing apparatus.
Unusual Fire and Explosion Hazards: None
Specific hazards arising from the chemical: Exposure to fire may release irritating, toxic and/or flammable fumes or vapors. Avoid exposure through use of a self-contained, positive-pressure breathing apparatus.
6. ACCIDENTAL RELEASE MEASURES

Procedures in case of Accidental Release or Leakage: Always wear recommended personal protection equipment. Collect fiber and place in a container for reuse, recycle, or disposal.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Always wear recommended personal protection equipment. Materials should be kept dry and from the elements. Avoid breathing thermal processing vapors and fumes. Avoid dust, fiber, or pellet inhalation and contact with skin and eyes.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Individual protection measures, such as personal protective equipment

- **Eye/Face protection**: Avoid eye contact. Wear safety glasses with side shields, as necessary, if airborne dust, fibers or particulate are present.
- **Skin protection**: Wear protective gloves as necessary to prevent irritation.
- **Respiratory protection**: Use approved dust and fume respirator approved by NIOSH/MSHA to avoid inhalation of particulates and fumes when exposure exceeds TLVS.
- **Ventilation**: Use local exhaust sufficient to control the dust or fibers generated. If exhaust ventilation is not available or is inadequate, use a NIOSH approved dust respirator, as appropriate.

**General hygiene considerations**: Adhere to local, state, federal regulations and good manufacturing and industrial hygiene practices.

**Other protective clothing or equipment**: Protective equipment should be used as required by the users site requirements.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

- **Physical state**: Solid fiber
- **Form**: Solid
- **Color**: Various white color
- **Odor**: Slight odor
- **Odor Threshold**: NA
- **pH value**: NA
- **Melting point / freezing point**: 500°F (260°C)
- **Boiling temperature / boiling range**: Not applicable
- **Flash point**: 788°F (420°C)
- **Evaporation rate**: NA
- **Flammability (solid, gas)**: NA
- **Flammability limit - lower %**: NA
- **Flammability limit - upper %**: NA
- **Explosive limit - lower %**: NA
9. PHYSICAL AND CHEMICAL PROPERTIES (CONTINUED)

Explosive limit - upper %: NA
Vapor pressure: Not determined
Vapor density: Not determined
Relative density: NA
Solubility(ies), (water): Insoluble
Partition coefficient (n-octanol / water): NA
Auto Ignition Temperature (AIT): NA
Decomposition Temperature: NA
Viscosity: Not determined
Other information:

10. STABILITY AND REACTIVITY

Reactivity: Stable under proper handling and storage conditions.
Incompatible Materials: Strong acids and strong oxidizing agents
Possibility of hazardous reactions: Hazardous Polymerization will not occur under proper handling and storage conditions.

11. TOXICOLOGICAL INFORMATION

Component Toxicity Data:
Median Lethal Dose (Species):
Oral (LD_{50})...Not determined
Inhalation (LC_{50})...Not determined
Dermal (LD_{50})...Not determined

Irritation Index, Estimation of Irritation (Species):
Skin...Possible sensitization, mechanical irritations and dermatitis
Eyes...Possible mechanical irritation
Inhalation...Possible mechanical irritation

Information on likely routes of exposure
Ingestion: No
Inhalation: Yes
Skin contact: Yes
Eye contact: Yes

Carcinogenicity: No components which are believed to be present in this material at concentrations equal to or greater than 0.1% are listed or regulated by IARC, OSHA or ACGIH® as a potential carcinogen. Glass filament is listed by IARC as Group 3 (not classifiable as to a human carcinogen).

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
This product is not classified as a hazardous chemical as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
Safety Data Sheet according to OSHA-GHS
(29 CFR part 1910.1200 HCS 2012)

PRODUCT NAME: Maxxon® Fibers
Product Code: 19085, 19086
Date of Issue: May 2018  Supersedes: May 2016

12. ECOLOGICAL INFORMATION

No ecological data has been determined on the total product.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods: Do not landfill; material waste should be incinerated at an approved facility. Material for disposal should be placed in appropriate sealed containers to avoid potential human and environmental exposure. It is the responsibility of the generator to comply with all federal, state, provincial and local laws and regulations. We recommend that you contact an appropriate waste disposal contractor and environmental agency for relevant laws and regulations. Under the U.S., Resource Conservation and Recovery Act (RCRA), it is the responsibility of the user of the product to determine at the time of disposal, whether the product meets relevant waste classification and to assure proper disposal.

14. TRANSPORTATION INFORMATION

DOT: Not regulated as dangerous goods.
Proper Shipping name: Not regulated
Hazard Class: Not regulated
Identification Number: Not regulated
Packing Group: Not regulated
Label Required: None

15. REGULATORY INFORMATION

US Federal regulations
SARA Title III:
   Section 302/304 Extremely Hazardous Substance: None
   Section 311 Hazardous Categorization: None
   Section 313 Toxic Chemicals: None
CERCLA Section 102(A) Hazardous Substance: None
RCRA Information: Currently, this product is not listed in federal hazardous waste regulations 40 CFR, Part 261.33, paragraphs (e) or (f), i.e. chemical products that are considered hazardous if they become wastes. State or local hazardous waste regulations may also apply if they are different from the federal regulation. It is the responsibility of the user of the product to determine at the time of disposal, whether the product meets relevant waste classification and to assure proper disposal.
WHMIS (Canada):
   Classification: None
This product has been classified in accordance with hazard criteria of the “Controlled Products Regulations” and this SDS contains all the information required by the “Controlled Products Regulations”.
Ingredient Disclosure List:
   Fibrous glass (CAS 65997-17-3)
U.S., EPA, TSCA Information: This product is an article as defined by TSCA and is not required to be listed in the TSCA Inventory.
Safety Data Sheet according to OSHA-GHS
(29 CFR part 1910.1200 HCS 2012)

PRODUCT NAME: Maxxon® Fibers
Product Code: 19085, 19086
Date of Issue: May 2018

This product does not contain or is not manufactured with ozone depleting substances as identified in Title VI, Clean Air Act “Stratospheric Ozone Protection” and the regulations set forth in 40 CFR, Part 82.

Disclaimer:
Wherever such words or phrases as “hazardous,” “toxic,” “carcinogen,” etc. appear herein, they are used as defined or described under state employee right-to-know laws, Federal OSHA laws or the direct sources for these laws such as the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP), etc. The use of such words or phrases should not be taken to mean that we deem or imply any substance or exposure to be toxic, hazardous or otherwise harmful. Any exposure can only be understood within the entire context of its occurrence, which includes such factors as the substance’s characteristics as defined in the SDS, amount and duration of exposures, other chemicals present and preexisting individual differences in response to the exposure.

This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions in which this material will be used, handled or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
