## 2. HAZARDS IDENTIFICATION

*This product is not hazardous under US-GHS criteria.*

**GHS Hazard Classification:** Non-hazardous.

**GHS Pictogram:** None Required.

**GHS Signal word:** None Required.

**Hazard Statement:** None.

**Precautionary Statement(s):**
- **P101:** If medical advice is needed, have product container or label at hand.
- **P102:** Keep out of reach of children.
- **P103:** Read label before use.
- **P270:** Do not eat, drink or smoke when using this product.

**Route(s) of Entry:**
- **Inhalation:** Vapors and/or aerosols that may be formed at elevated temperatures may be irritating to eyes and respiratory tract. Prolonged or excessive inhalation may cause respiratory tract irritation. Health injuries are not expected under normal use per manufacturer’s instructions.
- **Skin:** Prolonged and/or repeated skin contact may cause irritation/dermatitis. If irritation should occur, it is expected to be transient. Health injuries are not expected under normal use per manufacturer’s instructions.
- **Ingestion:** Do not take internally. May cause gastrointestinal distress such as diarrhea and nausea, if large amounts are ingested. Health injuries are not expected under normal use per manufacturer’s instructions.
- **Eye Contact:** Vapors and/or aerosols that may be formed at elevated temperatures may be irritating to eyes and respiratory tract. If irritation should occur, it is expected to be transient. Health injuries are not expected under normal use per manufacturer’s instructions.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

There are no ingredients considered hazardous by the Federal Hazard Communication Standard (29 CFR 1910.1200).
4. FIRST AID MEASURES

Inhalation: If breathing becomes difficult, remove person to fresh air and keep comfortable. Get medical attention if symptoms persist.

Skin Contact: Thoroughly wash exposed area with soap and water. Get medical attention if irritation persists.

Eye Contact: Flush with large amounts of water, lifting upper and lower eyelids occasionally. Get medical attention if irritation persists.

Ingestion: Do not induce vomiting. Rinse mouth. Get immediate medical attention or call poison control if large amount is ingested.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Use extinguishing media appropriate for surrounding fire such as foam, water spray, dry chemical, and/or carbon dioxide.

Unsuitable extinguishing media: Not known.

Specific firefighting procedures: Remain upwind and avoid breathing smoke. Exposed firefighters must wear NIOSH-approved positive pressure self-contained apparatus with full-face mask and full protective clothing. Do not inhale combustion gases.

6. ACCIDENTAL RELEASE MEASURES

Notification procedures: None required.

Personal precautions: Avoid eye contact. Use in well ventilated area. Wash contacted skin as soon as possible after exposure. Do not eat, drink or smoke while cleaning up. Material may create slippery conditions. See Section 8 for personal protective equipment.

Methods and materials for cleanup and containment: Contain spills with inert material (sand, earth). Transfer separate suitable containers for recovery or disposal. Dispose of in accordance with Federal, State and local guidelines for handling nonhazardous waste, see Section 13.

Environmental precautions: Avoid release into the environment such as municipal sewers and open bodies of water.

7. HANDLING AND STORAGE

Handling: Avoid eye and skin contact. Always wash with soap and water after use or handling. Wear appropriate personal protective equipment. In case of spills, beware of slippery floors and surfaces. Observe good industrial hygiene practices. Keep away from children.

Conditions for safe storage: Keep containers tightly closed when not in use. Store between 40° F (4° C) and 90° F (32° C), away from foodstuffs or drinking water. Observe good housekeeping practices.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits: See Section 3 “Composition/Information on Ingredients.”

Personal Protection
Safety Data Sheet according to OSHA-GHS  
(29 CFR part 1910.1200 HCS 2012)

PRODUCT NAME: Maxxon® UWR (Urine, Water Resistant) Sealer
Product Code: 13070
Date of Issue: May 2018
Supersedes: May 2015

8. EXPOSURE CONTROLS/PERSONAL PROTECTION (CONTINUED)

Respiratory: Not normally required. If airborne particulates are generated, wear NIOSH-approved N95 respiratory protection when working in enclosed areas.
Ventilation: Apply product using adequate ventilation.
Protective Gloves: Wear chemically resistant or impermeable gloves to avoid skin contact.
Eye: Eye protection in the form of protective glasses or goggles is recommended if product contact is likely. Eyewash facility must be accessible.

Hygiene Measures: Do not eat, drink or smoke when using this product. Wash hands and contacted areas with soap and water before taking breaks and after completing work. Observe good industrial and personal hygiene practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties
Appearance
Physical state: Liquid
Form: Liquid
pH value: 7 - 7.5
Boiling point: 212° F (100° C)
Flash point: Not Determined
Evaporation Rate: Approx. to water (= 1)
Flammability limit - lower %: Not Available
Flammability limit - upper %: Not Available
Explosive limit - lower %: Not Available
Explosive limit - upper %: Not Available
Vapor pressure: 17.5 mm Hg @ 68° F (20° C)
Vapor density: Not Available
Specific gravity: 1.05 (water = 1)
Percent Volatile: Not Available
Solubility(ies), (water): Not Available
Volatile Organic Compounds (VOC): Not Available

10. STABILITY AND REACTIVITY

Stability: Stable.
Conditions to Avoid: Excessive heat and freezing temperatures.
Incompatibility Materials: None known.
Hazardous Decomposition Products: Oxides of carbon and/or low molecular weight hydrocarbons.
Hazardous Polymerization: Not Established.
Reactivity: Non-reactive when product is used in accordance with intended use.

11. TOXICOLOGICAL INFORMATION

Acute Health Hazards: No data available; none expected.
Chronic Health Hazards: No data available; none expected.
11. TOXICOLOGICAL INFORMATION (CONTINUED)

Teratogenicity and Mutagenicity: No data available; none expected.
Reproductive Effects: No data available; none expected.

12. ECOLOGICAL INFORMATION

Aquatic Toxicity: Not expected to have toxic ecological effects.
Persistence and degradability: No data available; no accumulation is expected.
Mobility: No data available.

13. DISPOSAL CONSIDERATIONS

Disposal information: This product is not considered a hazardous waste. Dispose of product and packaging in accordance with all local, state and federal laws and regulations for handling non-hazardous waste.

14. TRANSPORTATION INFORMATION

Note: Shipping descriptions may vary based on mode of transport, quantities, package size, and/or origin and destination. Consult your company’s Hazardous Materials/Dangerous Goods expert for information specific to your situation.

DOT Information: Not Regulated
Hazard Class: Not Available
UN number: Not Available
Product Label: No special labeling required
ADR/RID: Not Regulated
Product RQ (lbs): None
Packaging: No special packaging required
IATA: Not Regulated
IMDG: Not Regulated

15. REGULATORY INFORMATION

Substances Control Act (TSCA) Chemical Substance Inventory: All components of this product are in compliance with the inventory listing requirements.
RCRA: Discarded material is classified as non-hazardous waste per 40 CFR 261.20-24.
Canadian Domestic Substances List: Not compliant with all inventory requirements.
Canadian Workplace Hazardous Materials Information System (WHMIS): Not compliant with all inventory requirements.

16. OTHER INFORMATION, INCLUDING DATE OF PREPARATION OR LAST REVISION

Product List: Maxxon UWR (Urine, Water Resistant) Sealer
Issue Date: May 2015
Version #: 02
Revision Date: May 2018
Prepared by: Maxxon Corporation
HMIS® ratings:
- Health: 1
- Flammability: 1
- Reactivity: 0
- Personal Protection: B

NFPA ratings:
- Health: 1
- Flammability: 1
- Reactivity: 0
- Special: None

0 = Insignificant 1 = Slight 2 = Moderate 3 = High 4 = Extreme

Trace = is less than 0.01% or 100 ppm
ADR/RID = Agreement on Dangerous Goods by Road/Regulations concerning the International Transport of Dangerous Goods by Rail
CASRN (CAS Number) = Chemical Abstracts Service Registry
CERCLA = Comprehensive Environmental Response, Compensation, and Liability Act
DOT = Department of Transportation
EINECS/ELINCS = European Inventory of Existing Commercial Chemical Substances/European List of Notified Chemical Substances
HMIS = Hazardous Material Identification System
IARC = The International Agency for Research on Cancer
IATA = International Air Transportation Association
IMDG = International Maritime Dangerous Goods
NFPA = National Fire Protection Association
NIOSH = National Institute for Occupational Safety and Health
OSHA = Occupational Safety and Health Administration
PEL = Permissible Exposure limits
PPM = Parts Per Million
RCRA = Resource Conservation and Recovery Act
SARA = Superfund Amendments and Reauthorization Act
STEL = Short Term Exposure Limits
TLV = Threshold Limit Value
TWA = Time Weighted Average

Disclaimer:
This SDS is intended to quickly provide useful information to the user(s) of this material or product. It is not intended to serve as a comprehensive discussion of all possible risks or hazards, and it assumes a reasonable use of the product. The information contained in this SDS is believed to be accurate as the date of preparation of this SDS and has been compiled from sources believed to be reliable. It is offered for your consideration, investigation and verification. The user or handler (or their employer) should consider the specific conditions, in which this material will be used, handled or stored and determine what specific safety or other precautions are required. Employers should ensure that their employees, agents, contractors and customers who will use the product receive adequate warnings and safe handling procedures, including a current SDS. Product users or handlers (or their employer) who are unsure of what specific precautions are required should consult their employer, product supplier, or safety or health professionals before handling or working with this product. Please notify us immediately if you believe this SDS or other safety and health information about this product is inaccurate or incomplete.
